Hi Leslie,

Here's the rest of the Anchor and Kenai tribs data I have that isn't in KNB yet - merry Christmas :)

I'll submit it to Jeanette later this week along with some non-Kenai Peninsula data.

This email contains

CIK_5 (Moose River); 2014, 2015

CIK_14 (Anchor River); 2017; 2018

The other Kenai Tribs (Soldotna, Slikok, Funny, Beaver, Hidden, Quartz) have no data from 2016 - 2018. Kenai Watershed Forum folks fumbled the ball with a bunch of staff turnover.

Ben Meyers has some epscor data from Beaver, Russian and Ptarmigan that you should be able to find in KNB as well (2013 - 2015?)

I'll send another email with additional Anchor River sites (2004 - 2007)

Hope you have a chance for a break and some fun in the snow! Cheers, Sue

(I'll be in through this week and then gone until Jan 9th.)

This spreadsheet summarizing data might help keep track of things, Sue

Sweet. I'm around this week as well - then heading to Columbia for 2 weeks. Will be back Jan 5th.
Happy Holidays!!
